

Tips for the Commuter Student at IUPUI

As a commuter student at IUPUI, you will have experiences that are unique to you.

You will face some roadblocks as a commuter student that are different from your peers living on campus. However, we are here to help you steer clear of these road bumps to make your drive to graduation is as smooth as possible!

Make Use of your Time Between Classes

Stay on campus between classes when possible. Students have a higher success rate and enjoy their time on campus more when they are engaged on campus.

- **Find an on-campus job:** Visit the JagJobs.com website to learn more about on-campus positions.
- **Join a student organization:** Joining a student organization is a great way to establish a social circle of people who share your interests. Visit theden@iupui.edu to explore over 400 student organizations!
- **Take advantage of social media:** There is always a "Class of 20__" page on Facebook. Find a class page and join in on the conversation to stay up to date on what is happening on campus!

Check Your Bag!

You may not have time to go back home to get something you left behind. So, always check your bag before you leave for campus!

Tips Continued...

Public Transportation

The IndyGo bus is a great option to get to campus from various parts of the city. Find their route information by going to www.indygo.net

Parking

Use the JagSpots App through One.iu to find out which parking garages have open spaces!

Use the parking.iupui.edu website to find information about shuttle services at IUPUI

Student Lounges

There are plenty of lounge spaces in Cavanaugh Hall, the Campus Center, and Taylor Hall on campus. Taylor Hall and the Campus Center also have microwaves!

More Resources!
