Roadmap of This Report

A Profile Of Your Students' Drinking Behavior
- Drinking behaviors of students before they arrive on campus
- Frequency and Reasons why your first-year students drink
- Your students compared to students across US
- Impact of high-risk drinking on your students

Mitigating Risk And Shifting Culture
- Student knowledge gains and behavioral impacts resulting from AlcoholEdu
- Strategies to engage your students to help change the drinking culture

Implications For Your Institution's Prevention Strategy
- Utilization of data to inform your future prevention efforts
Course Structure

PART 1: Primary Course Content

- **Course Lessons**
  - 9 learning modules focused on strategic decision-making through real life examples

- **Pre-assessment**
  - Survey 1

- **INTERSESSION**

- **Survey 2**
  - Post-assessment

PART 2: Review

- **Survey 3**
  - Follow-up Lessons

**SURVEYS** measure changes in attitudes and behaviors

**ASSESSMENTS** are tests and quizzes that measure student knowledge

30+ days
Understanding the “College Effect”

National student drinking rates follow a typical pattern: alcohol use generally rises the summer before a student enters college, and then increases substantially after their arrival on campus. This phenomenon, known as the "College Effect," is represented by the conceptual graphic below.

*Drinking rate is the proportion of students who have had more than a taste or sip of alcohol in the two weeks prior to the survey.*
Student Data
The most common drinking-related risk behaviors that your students engage in are doing shots and pre-gaming.

Two of the most frequently reported negative consequences of drinking are hangovers and blacking out.

Students reported that some of the most important reasons not to drink are because I am going to drive and that I have other things to do.
## Pre and Post Course Formative Assessments

<table>
<thead>
<tr>
<th>Topic</th>
<th>Pre-Assessment</th>
<th>Post-Assessment</th>
<th>Increase</th>
<th>National Post-Assessment</th>

</tbody>
</table>
Gains from *AlcoholEdu*

Students reported that *AlcoholEdu* prepared them to:

<table>
<thead>
<tr>
<th>From Survey 2</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>Prevent an alcohol overdose</td>
<td>88%</td>
</tr>
<tr>
<td>Help someone who may have alcohol poisoning</td>
<td>91%</td>
</tr>
<tr>
<td>Establish a plan ahead of time to make responsible decisions about drinking</td>
<td>90%</td>
</tr>
<tr>
<td>Change their drinking behavior</td>
<td>52%</td>
</tr>
<tr>
<td>Change their perceptions of other’s drinking behavior</td>
<td>68%</td>
</tr>
</tbody>
</table>

Impact For High-risk Students:

Among the **56%** of high risk drinkers (**216 students**) who saw "no need to change the way they drink" before taking *AlcoholEdu*, **50%** (**103 students**) indicated their readiness to change after completing the course.

Alcohol and Sexual Assault (SA):

Research finds that alcohol is the primary tool used by perpetrators to commit SA and *AlcoholEdu* has been shown to improve SA related attitudes and behaviors and **significantly reduce**\(^1\) victimization rates among students!

A Profile Of Your Students

**Survey 1 (n=2847)**
Data shows that 39% of your students have not had a drink of alcohol in the past year. Among those who have (n=1700), the drinking rates are as follows:

- **Abstainers**: 39% (Indiana University-Purdue University Indianapolis: 34%)
- **Non-Drinkers**: 71% (Indiana University-Purdue University Indianapolis: 63%)
- **Light/Moderate Drinkers**: 15% (Indiana University-Purdue University Indianapolis: 18%)
- **Heavy-Episodic Drinkers**: 14% (Indiana University-Purdue University Indianapolis: 20%)

**Survey 3 (n=1746)**
Data from the final survey shows how your students’ (n=1029) drinking rates changed early in the first semester as compared to the national aggregate.

- **Abstainers**: 40% (National Average: 32%)
- **Non-Drinkers**: 71% (National Average: 54%)
- **Light/Moderate Drinkers**: 16% (National Average: 20%)
- **Heavy-Episodic Drinkers**: 12% (National Average: 26%)

**Definitions:**
- **Abstainers**: 0 drinks in the past year
- **Non-Drinkers**: 0 drinks in the past two weeks
- **Light/Moderate drinkers**: 1-3 drinks for females; 1-4 drinks for males on at least one occasion in the past two weeks
- **Heavy-Episodic drinkers**: 4 or more drinks for females; 5 or more drinks for males on at least one occasion in the past two weeks
Students indicated the most important reasons for choosing whether or not to drink alcohol (Survey 1, n = 2847).

1. How important to you is each of the following reasons for drinking alcoholic beverages:*  

<table>
<thead>
<tr>
<th>Reason</th>
<th>Indiana University-Purdue University Indianapolis</th>
</tr>
</thead>
<tbody>
<tr>
<td>To celebrate</td>
<td>54%</td>
</tr>
<tr>
<td>To have a good time with my friends</td>
<td>48%</td>
</tr>
<tr>
<td>Because I like the taste</td>
<td>30%</td>
</tr>
</tbody>
</table>

2. When you choose NOT to drink alcohol, how important are the following reasons:

<table>
<thead>
<tr>
<th>Reason</th>
<th>Percentage Important/Very Important**</th>
</tr>
</thead>
<tbody>
<tr>
<td>I am going to drive</td>
<td>79%</td>
</tr>
<tr>
<td>I have other things to do</td>
<td>66%</td>
</tr>
<tr>
<td>I don't want to spend the money</td>
<td>66%</td>
</tr>
</tbody>
</table>

*Drinkers only  
** Percentages represent responses answering 5-7 on the likert scale
Students who reported drinking in the last two weeks experienced the following negative consequences (Survey 3, n = 1746):

<table>
<thead>
<tr>
<th>Negative Consequence</th>
<th>Indiana University-Purdue University Indianapolis</th>
<th>National</th>
</tr>
</thead>
<tbody>
<tr>
<td>Blacked out</td>
<td>27%</td>
<td>37%</td>
</tr>
<tr>
<td>Had a hangover</td>
<td>42%</td>
<td>50%</td>
</tr>
<tr>
<td>Performed poorly on an assignment</td>
<td>15%</td>
<td>22%</td>
</tr>
<tr>
<td>Was taken advantage of sexually</td>
<td>9%</td>
<td>11%</td>
</tr>
<tr>
<td>Took advantage of someone sexually</td>
<td>6%</td>
<td>6%</td>
</tr>
</tbody>
</table>

Percentages represent responses 2-7 on 7 point Likert scale, 1=Never experienced)
High Risk Drinking Behaviors

These are some of the most common risk-related drinking behaviors reported by your students who had a drink in the past two weeks (Survey 3, n = 1746):

<table>
<thead>
<tr>
<th>Behavior</th>
<th>Indiana University-Purdue University Indianapolis</th>
<th>National</th>
</tr>
</thead>
<tbody>
<tr>
<td>Not eating before drinking</td>
<td>3%</td>
<td>5%</td>
</tr>
<tr>
<td>Choosing a drink containing more alcohol</td>
<td>24%</td>
<td>24%</td>
</tr>
<tr>
<td>Doing shots</td>
<td>32%</td>
<td>49%</td>
</tr>
<tr>
<td>Pregaming</td>
<td>32%</td>
<td>52%</td>
</tr>
<tr>
<td>Chugging alcohol</td>
<td>19%</td>
<td>26%</td>
</tr>
</tbody>
</table>

Percentages represent responses 5-7 on 7 point Likert scale, 1=Never
After completing AlcoholEdu, students reported an increase in several positive behavioral intentions.

Positive Behavioral Intentions

Understanding Effective Prevention as a Process

Your AlcoholEdu data helps to identify problem areas and is the first step in an effective process for planning for successful prevention efforts on campus.

1. Conduct Problem Analysis
2. Develop Specific Goals and Objectives
3. Identify Strategies + Activities Based on Science and Theory
4. Articulate Plan of Action
5. Evaluate Your Efforts

Please contact your Partner Services representative to support your program planning. EverFi’s Coalition provides resources to support effective campus prevention, and to build institutional support for truly effective prevention to take hold.
Contact Information

Additional Resources

You may also request reports that allow you to benchmark your data against that of specific peer groups such as athletic conferences, national affiliations, regional groups and others.

For assistance accessing your online reports, or to request peer benchmark reports, please contact your Partner Service Director.

APPENDIX
AlcoholEdu for College Course Map

PART ONE

1. Getting Started
   • Introductory Video
   • Custom Welcome Letter
   • Custom Welcome Video

2. Standard Drink
   • Student Alcohol Knowledge Interviews
   • Pre-Assessment
   • Standard Drink Definition
   • Identifying Standard and Non-Standard Drinks
   • Pouring Standard Drinks

3. Where Do You Stand?
   • Risk Factors & Choices
   • You Are Not Alone/Benefits of Not Drinking/Calories & Cash/Support for Your Choice
   • Your Drinking Profile/ Your Peak BAC/Reducing Your BAC/Drinking Consequences/Calories & Cash/Your Drinking Habits

4. Goal Setting
   • What’s Important to You?
   • What Do You Want to Focus on this Year and Why
   • My Choices

5. Drinking & Motivation
   • What Do You Think?
   • Factors That Can Influence Decisions
   • Why/Why Not Drink? Poll
   • Expectancy Theory & Advertising
   • Ads Appealing to Men/Women
   • Alcohol & Advertising Poll
   • Write a Tagline

6. Brain & Body
   • BAC Basics
   • What Factors Affect BAC
   • Risk/Protective Factors
   • BAC Calculator
   • Marijuana & Drugs
   • Sexual Assault & Understanding Consent
   • Brain & Body Science
   • Biphasic Effect
   • A BAC Story

7. My Action Plan
   • Drinker/Non-Drinker Plan
   • Choose Your Strategies
   • Activities on Campus

8. Laws & Policies
   • Alcohol Related Laws
   • Campus Policies
   • Drinking & Driving

9. Helping Friends
   • Taking Care of Yourself & Others
   • Alcohol Poisoning
   • Helping Your Friends Poll
   • Drinking & Driving
   • Getting Help

10. Introduction
    • Welcome Back

PART TWO

11. Recognizing Problems
    • Taking Care of Yourself & Others – The Roommate

12. Course Conclusion
    • Summary of Key Topics
    • Review Goals, Choices and Plan
